GRANTS COMMITTEE

Heidi Campbell-Shoaf, Committee Chair

John H. Verrill, EAIA Executive Director and Grants Coordinator

APPLICATION FOR CONSERVATION GRANT

EAIA supports the preservation of historic trades and crafts. To this end, it established a conservation grant of up to \$3000 to support conservation planning, object treatment services, educational interpretive services, and supplies related to sharing historic trades with the public.

This grant is open to historic sites and museums who have 501(c)(3) status and that are open to the public on a regular basis.

Name of person completing application : _____

Name of Institution or Organization: _____

Address: _____

Phone at which you best can be reached: _____

Email: _____

Name of project for which you are applying for support:

Describe the project which you are requesting support. Make sure to include:

- the project's main goals
- the project history to date (if applicable)
- the key activities to be carried out
- personnel overseeing the project
- the anticipated outcomes of the project
- how the project meets the mission of EAIA

If the grant will be used to offset the costs of conservation planning or conservation treatment, attach credentials (resume, cv, or certifications) for the individual(s) who will carry out the planning or treatment.

Attach a detailed budget of the project for which you are requesting funding.

Please attach the 501(c)3 certification letter for the organization or institution and documentation of its public hours.

The project must be completed within one (1) year of the award. A report must be submitted to EAIA detailing the results of the project, including photographs and a final budget. Failure to submit the final report will disqualify the organization from future EAIA grants and/or scholarships.

Grant proposals must be submitted via a single email that contains all requested information as attachments to the following:
